Hi Stuart – I have left you a voicemail about this and Tom will also be calling you next week to discuss but Tom and I will be in DC on this date and would like to chance to go over the data we’ve collected at the West Lake Landfill since the 2008 ROD and what we are expecting in the Final Feasibility Study that will be coming to R7 in August. We are trying to meet with different people in OLEM who will be reviewing the region’s proposed final remedy decision late this calendar year. We also have a responsibility to consult with you on this I believe as a matter of policy. I look forward to meeting you in June!
